**This will be our first ROW workgroup meeting with the BLM.**

**Things to discuss:**

1. Work with the BLM to achieve consistency between the Realty and Surface departments. Each department is currently requiring different things for the same type of issues and it is causing some confusion.
2. To clarify the difference between what the BLM thinks should be a ROW verses a Sundry.
3. Work with the BLM on the current ROW backlog. (Is there anything industry can do to help speed up the process?)
4. AFMSS II and ROW information

**For those not able to attend in person, here is the call-in information: (888) 822-7517; passcode 2552707**
